NEW YORK, NY ---- New York's building community has always been a prime contributor to the thousands of pints of blood needed each year by fellow New Yorkers to survive during incidents of trauma, emergencies and extreme illness, and its generosity in 2004 was recognized by the New York Blood Center's *Skyscrapers For Life* Program for outstanding results.

Ten BOMA/NY members were cited for their outstanding contributions, with special honors for CBRE Real Estate Services, Inc., whose participating buildings donate enough blood in one year to supply all of the City's blood needs for a 24-hour period.

The top *Skyscrapers For Life* BOMA/NY participants are:

1. CBRE Real Estate Services, Inc.
2. Tishman Speyer Properties
3. Vornado Realty Trust
4. Trizec Properties, Inc.
5. Rockefeller Group Development Corp.
6. Jones Land LaSalle
7. Reckson Associates
8. S.L. Green Management Corp.
9. Brookfield Financial Properties
